

# Training Boot Camps

If you are like most companies, you need the right people with the right skills to make your company successful. And you need them quick!

We will help you jump start new employees by developing company or industry-specific intensive and immersive training programs. We call these **Training Boot Camps!**

## We Deliver

**We create a bridge to successful employment through immersive training boot camps.**

Our boot camps range between 1-8 weeks and focus on 3 core areas:

- **Foundational Skills** - reading, writing & arithmetic
- **Company or Industry-Specific Hard Skills** - all the things that make you unique
- **Soft Skills** - important variables for success like communication and dependability

## Our Turnkey Programs Include:

- 1) Designing Curriculum
- 2) Building Materials
- 3) Recruitment
- 4) Training Delivery
- 5) Program Management
- 6) Job Placement

## Our Process

### Identify Critical Jobs

We work with company or industry experts to determine the most critical jobs to fill

### Job Task Analysis (JTA)

Working with subject matter experts, we identify the critical responsibilities and tasks needed to perform the job successfully

### Create Curriculum to Match Critical Job Needs and Skills

We develop comprehensive curriculum to jump start employee success

### Create Training Materials

We develop the delivery methods to effectively impart skills and knowledge

## Results

- Pre-screened and pre-trained employees in hard-to-fill positions
- Increased employee satisfaction and retention
- Customized, faster, smarter training approach
- Skill upgrade opportunities for existing employees

## Choices

Each boot camp explores multiple industry-specific career pathways by presenting available training and certifications that participants may wish to pursue. Workshops incorporate contextualized learning and soft skills practice. EDSI will continue to develop new boot camps that align with high-growth industries.

### Choose From:

- Construction
- Customer Service
